O R D E R

WHEREAS:

- A. On August 20, 1992 Centra Gas British Columbia Inc. ("Centra Gas") applied to the Commission for approval to amend its gas tariffs for grid systems, located at Whistler and at Port Alice, B.C., in order to incorporate new energy rate conversions from billings in \$ per cubic foot ("CCF") to \$ per GJ; and
- B. On September 11, 1992 Centra Gas filed with the Commission, Gas Tariff Rate Schedules that will convert actual meter readings in CCF to \$ per GJ using a mathematical formula based on standard energy values for propane grid systems at 2,520 BTU's per standard cubic foot; and
- C. The Commission has reviewed the Centra Gas Application and finds that approval of the conversion rates is necessary and in the public interest.

NOW THEREFORE the Commission orders Centra Gas as follows:

1. The Commission approves for Centra Gas, Gas Tariff Rate Schedules incorporating conversions using standard energy values for the propane grid systems at Whistler and at Port Alice effective immediately as follows:

Sixth Revision Page 34 - Small General Service Rate
Sixth Revision Page 40 - General Service Rate
2. Centra Gas is to advise all affected customers of the approved changes by way of a bill stuffer or printed message on the next regular monthly bill.

DATED at the City of Vancouver, in the Province of British Columbia, this 7th day of October, 1992.
