Mr. G.J. Sunell, P. Eng.
Operations Manager
Yoho Power Ltd.

Vancouver, B.C.

Dear Mr. Sunell:

Re: Yoho Power Ltd.
Filing of 1995 Integrated Resource Plan

This will acknowledge receipt of your May 9, 1995 letter requesting an exemption from the Commission with regards to filing an IRP due to the probability that B.C. Hydro would be constructing and operating a grid connection from Golden to Field, B.C., and that Yoho may cease to exist as an electrical utility should B.C. Hydro take over utility operations in Field, B.C.

The Commission has reviewed this matter and advises that the requirement to file a 1995 IRP has been deferred pending the outcome of the acquisition of Yoho's Field, B.C. electric utility by B.C. Hydro and the completion of the grid connection by B.C. Hydro.

Yoho is to advise the Commission, in writing, every two months on the status of the proposed grid connection and the status of the acquisition.

Yours truly,
