Mr. Robert Fleming
Barrister
702 - 999 Gilford Street
Vancouver, B.C.
V6G 2N8

Dear Mr. Fleming:

Re: Treminco Resources Ltd. ("Treminco")
Sandon Power System

This is in reply to your letter to the Commission dated November 3, 1995, regarding Treminco's application for discontinuance of the electricity service in Sandon.

Your letter requested that the Commission grant you an extension of the deadline from November 24, 1995 to November 30, 1995 for submissions to the Commission in respect of the application. The November 24, 1995 deadline was stipulated in Commission Order No. G-90-95, which advised prospective participants and interested parties that the application would be dealt with by means of a written hearing.

The Commission has considered your request and has decided to accept your submissions no later than November 30, 1995. The Commission believes that this matter has been outstanding too long and must be brought to resolution in a timely fashion.

Yours truly,

Robert J. Pellatt

NCJS/mmc
