October 11, 1996

Mr. Jim Campbell
2484 Shoreacres Road
Sidney, B.C.
V8L 2E2

Dear Mr. Campbell:

Re: British Columbia Hydro and Power Authority
Application for Participant Funding Cost Award - J. Campbell
for the Wholesale Transmission Service Options Application,
the Industrial Service Options Application and the Integrated Resource Plan

Further to your claim for participant funding for your participation in the above-noted proceedings, the Commission Panel reviewed the criteria which govern participant funding and determined that you did not meet the necessary criteria. In particular, the Panel determined that you did not meet the criteria which require that awards be given only when the requesting party represents a substantial interest in the proceeding and contributes to the Commission's better understanding of the issues. As a result, the Panel has denied your claim.

Yours truly,

Robert J. Pellatt
