Mr. Jim Campbell
2484 Shoreacres Road
Sidney, B.C.
V8L 2E2

Dear Mr. Campbell:

Re: British Columbia Hydro and Power Authority
Reconsideration of Participant Funding Cost Award - J. Campbell
for the Wholesale Transmission Service Options Application,
the Industrial Service Options Application and the Integrated Resource Plan

Further to your request for reconsideration of the Commission's Decision regarding your claim for participant funding in the above-noted proceedings, the Commission Panel has reviewed your letter of October 21, 1996 and original cost award applications.

The Commission Panel has determined that the original decision to deny funding was correct as you failed to meet the criteria which requires the applicant for funding to represent a substantial interest in the proceeding and contributes to the Commission's better understanding of the issues.

Enclosed as per your original request, are the original copies of your budget and cost award applications.

Yours truly,

A handwritten signature in black ink, appearing to read "R. Pellatt", is written over a horizontal line.

Robert J. Pellatt
