O R D E R

WHEREAS:

- A. On March 1, 2000, Squamish Gas Co. Ltd. ("Squamish Gas") applied to the Commission for approval to increase its natural gas General Service Customer Rates and Apartment Customer Rates ("ACR-1"), effective April 1, 2000, consistent with the Commission's approval of rate increases to Pioneer General Service and ACR-1 schedules for Centra Gas British Columbia Inc. ("Centra Gas") under Order No. G-27-00; and
- B. As a condition of the Special Direction and the terms of the Vancouver Island Natural Gas Pipeline Act, Centra Gas monitors the prices for heating oil available to customers. Under the Special Direction, the current Centra Gas Pioneer rates are set at the lower of a 10 percent discount to the average price of fuel oil or 67 percent of the British Columbia Hydro and Power Authority ("B.C. Hydro") residential rate. At current B.C. Hydro rates, the maximum rate that could be charged to Pioneer customers is \$10.74 per gigajoule; and
- C. As a result of higher competitive fuel oil prices, the oil-based natural gas rates to Centra Gas Pioneer General Service SGS-2 to LGS-3 customers were approved to increase between 6.95 to 7.10 percent effective April 1, 2000. Rates for the ACR-1 customers were approved to increase between 7.32 to 9.15 percent, effective April 1, 2000, under Order No. G-27-00; and
- D. Squamish Gas adopts the same rate changes for its oil-based natural gas rates as those approved for Centra Gas; and
- E. The Commission has reviewed the Squamish Gas application and finds that approval is required.
