O R D E R

WHEREAS:

- A. On May 31, 2004, the British Columbia Transmission Corporation ("BCTC") filed, pursuant to Sections 45(6) and 45(6.1) of the Utilities Commission Act, an Application for approval of a Transmission System Capital Plan ("the Application"); and
- B. On June 25, 2004, the Commission by Order No. G-63-04 set the Application down for a written public hearing process and established a Regulatory Agenda and timetable; and
- C. On July 28, 2004, the BCTC advised the Commission that as a result of receiving a significant number of Information Requests ("IRs") from Registered Intervenors that it would be late in responding to a number of IRs, and that a delay in the Regulatory Agenda and timetable established in Order No. G-63-04 would be desirable; and
- D. The Commission has reviewed the request for a change in timing and agrees to amend the deadlines set out in the Order.
