

ORDER NUMBER

G-5-19

IN THE MATTER OF

the *Utilities Commission Act*, RSBC 1996, Chapter 473

and

British Columbia Hydro and Power Authority

Application for Reliability Coordinator Registration with the Mandatory Reliability Standards Program

BEFORE:

A. K. Fung, QC, Panel Chair

W. M. Everett, QC, Commissioner

on January 10, 2019

ORDER

WHEREAS:

- A. On October 29, 2018, the British Columbia Hydro and Power Authority (BC Hydro) submitted to the British Columbia Utilities Commission (BCUC) its BC Hydro Reliability Coordinator (RC) Registration Filing (Application). Appended to the Application is BC Hydro's September 4, 2018 application to the Western Electricity Coordinating Council (WECC) to register as the RC for British Columbia (BC);
- B. By Order G-227-18 dated November 30, 2018, the BCUC established a regulatory timetable including intervenor registration, a BC Hydro workshop on the Application, intervenor intent to file evidence and one round of information requests from the BCUC;
- C. On December 13, 2018, the BCUC sent a letter to BC Hydro requesting clarification on certification requirements described in the Application. BC Hydro responded to the BCUC on December 18, 2018. WECC subsequently filed a letter of comment clarifying its position on certification requirements on December 19, 2018;
- D. On December 19, 2018, BC Hydro held a workshop to review the Application and on December 21, 2018, the BCUC submitted its Information Request (IR) No. 1 to BC Hydro;
- E. On December 21, 2018, FortisBC Inc. (FortisBC) filed a letter indicating that it was premature for FortisBC to determine with certainty its need to file evidence and proposed that the BCUC issue a revised regulatory timetable that would allow intervenor confirmation of intent to file evidence to occur after BC Hydro has filed responses to BCUC and Intervenor IRs No. 1;
- F. By Order G-253-18 dated December 24, 2018, the BCUC amended the Regulatory Timetable to include a procedural conference to receive oral submissions from all parties on FortisBC's request;

- G. On January 4, 2019, BC Hydro filed a letter with the BCUC requesting that the procedural conference be moved to a date following the submission of BC Hydro's IR responses in order for all parties to make informed submissions regarding further regulatory process;
- H. On January 7, 2019, FortisBC, Catalyst Paper Corporation and British Columbia Old Age Pensioners' Organization *et al.* submitted their first round of IRs to BC Hydro; and
- I. The BCUC determines that an amendment to the Regulatory Timetable to change the date of the procedural conference to follow the submission of BC Hydro's IR responses is warranted.

NOW THEREFORE pursuant to section 125.2 of the UCA and Section 2.2.4 of the Registration Manual, the BCUC orders the following:

1. The procedural conference date is amended and will be held at 1:00 p.m. on Monday, January 21 2019, as set out in the Regulatory Timetable attached as Appendix A to this order. Further information on the procedural conference, including items to be addressed by attendees, is outlined in Appendix B to this order.
2. Interveners must submit their intent to file Intervener Evidence by Thursday, January 17, 2019 at 12:00 p.m. (Pacific Time), as set out in the Regulatory Timetable attached as Appendix A to this order. Interveners intending to file Intervener Evidence must indicate the nature of the evidence (if it is in relation to the reliability coordinator certification process or not) and the timing of when the evidence would be filed.

DATED at the City of Vancouver, in the Province of British Columbia, this 10th day of January 2019.

BY ORDER

Original Signed By:

A. K. Fung, QC
Commissioner

British Columbia Hydro and Power Authority
Application for Reliability Coordinator Registration with the Mandatory Reliability Standards Program

Procedural Conference Information

The procedural conference will commence at 1:00 p.m. on Monday, January 21, 2019 in the British Columbia Utilities Commission's Hearing Room on the 12th Floor at 1125 Howe Street, Vancouver, BC, V6Z 2K8. The purpose of the procedural conference is to hear from British Columbia Hydro and Power Authority (BC Hydro) and all parties on the appropriate regulatory process for the review of the application.

The Panel requests that parties address the following items at the procedural conference:

- The proposed regulatory timetable for the review of the application, including any submissions on further process:

Action	Date (2019)
BC Hydro Final Argument on Certification Process	Wednesday, January 23
Intervener Final Arguments on Certification Process	Wednesday, January 30
BC Hydro Reply Argument on Certification Process	Wednesday, February 6
Further process	To be determined

- Any significant time constraints and/or periods of unavailability which should be taken into consideration when establishing the regulatory timetable.
- Any other procedural matters that parties want to bring to the attention of the Panel.

Parties may be requested to make oral arguments on these matters at the procedural conference. Therefore, we ask the parties to come prepared to make these submissions, if possible.

Participants are requested to email the Commission Secretary at Commission.Secretary@bcuc.com to confirm their attendance at the procedural conference by noon on Thursday, January 17, 2019. Participants who are unable to attend the procedural conference in-person may participate by teleconferencing. Please note in your registration if you require teleconferencing and indicate the names of the individuals who will be attending via teleconferencing.
