ORDER

WHEREAS:

- A. On January 17, 2019, the Western Electricity Coordinating Council (WECC), acting as the Administrator for the British Columbia Mandatory Reliability Standards Program (BC MRS Program), issued a Recommendation of Mitigation Plan (MP) Acceptance (Recommendation) to bring British Columbia Hydro and Power Authority (BC Hydro) into compliance with the reliability standard identified above;
- B. Section 125.2 of the *Utilities Commission Act* (UCA) assigns exclusive jurisdiction to the British Columbia Utilities Commission (BCUC) to determine whether a “reliability standard,” as defined in the UCA, is in the public interest and should be adopted in British Columbia;
- C. By Order G-123-09, the BCUC appointed WECC as its Administrator for registration and monitoring compliance as per section 8 of the UCA. The Administration Agreement between WECC and the BCUC was signed on October 8, 2009, and WECC’s role as Administrator for the BC MRS Program was renewed in the first amended Administration Agreement, dated August 21, 2014;
- D. Order G-123-09 also approved the Compliance Monitoring Program (CMP) for monitoring and enforcement of adopted reliability standards and most recent revisions to the CMP were approved by Order R-40-17, dated September 1, 2017;
- E. Pursuant to section 5.1.1 of the CMP, an entity subject to approved Mandatory Reliability Standards found in Confirmed Violation of a reliability standard must prepare an MP to correct the Confirmed Violation or prepare a description of how the Confirmed Violation has been mitigated. Pursuant to section 5.3.2 of the CMP, an MP with respect to a Confirmed Violation must be submitted to the Administrator within ten days following confirmation by the BCUC;

- F. An MP with respect to a Possible Violation or an Alleged Violation may be submitted at any time and the BCUC encourages entities to mitigate all perceived instances of noncompliance upon detection;
- G. On December 14, 2018, BC Hydro submitted an MP to address the self-reported Possible Violation PRC-005-2i R3 with the proposed completion date of November 1, 2018, indicating that BC Hydro considered that the MP had been completed, as shown below; and

Reliability Standard	BCUC Violation ID	Date MP Submitted to WECC	Proposed Completion Date
PRC-005-2i R3	BCUC2018000651	December 14, 2018	November 1, 2018

- H. The BCUC reviewed WECC's Recommendation and considers that acceptance of the MP for PRC-005-2i R3 is warranted.

NOW THEREFORE pursuant to section 125.2(10) of the UCA and in accordance with the CMP, the BCUC accepts the MP with the proposed completion date as identified in recital G above.

DATED at the City of Vancouver, in the Province of British Columbia, this *4th* day of February 2019.
