ORDER

WHEREAS:

- A. On May 22, 2020, on behalf of Resort Gas Ltd. (Resort Gas), Sun Peaks Mountain Resort Municipality filed with the British Columbia Utilities Commission (BCUC) a Gas Cost Reconciliation Account (GCRA) report, which includes actual and projected GCRA balances (GCRA Report), and requested a decrease of \$2.147 per gigajoule (GJ) in the Total Gas Commodity Charge from the current rate of \$14.301/GJ to \$12.154/GJ for each rate group (Residential, Small Commercial, and Large Commercial), effective July 1, 2020 (Application);
- B. By Order G-338-19 dated December 19, 2019, the BCUC approved an increase in the Total Gas Commodity Charge to \$14.301/GJ for Resort Gas, effective January 1, 2020;
- C. Resort Gas's commodity and transportation costs (Commodity portion) and storage costs (Storage portion) are tracked through two separate balances within the GCRA. The GCRA Report shows a \$163,576 deficit balance in the Commodity portion of the GCRA and a \$24,381 deficit balance in the Storage portion of the GCRA, for a total net GCRA deficit balance of \$187,957 as of April 30, 2020;
- D. The requested \$2.147/GJ decrease in the Total Gas Commodity Charge comprises of:
 - i. A decrease in the Gas Commodity Charge – Propane of \$1.5480 /GJ from \$13.3530/GJ to \$11.8050/GJ;
 - ii. A decrease in the Gas Commodity Charge – Storage of \$0.0150/GJ from \$1.5540/GJ to \$1.5390/GJ; and
 - iii. An increase in the credit for the Gas Commodity Charge – GCRA of \$0.5840/GJ from (\$0.6060)/GJ to (\$1.1900)/GJ;

- E. The requested decrease arises as a result of current and forecast propane commodity, transportation and storage costs, current and forecast propane consumption levels, and the amortization of the outstanding Commodity and Storage portions of the GCRA over a 12-month period;
- F. The requested rate changes using current delivery rates would result in a decrease in the annual bill before taxes of \$38.65 for an average townhouse consuming 18 GJ annually and \$182.50 for an average single-family house residential customer consuming 85 GJ annually; and
- G. The BCUC reviewed the GCRA Report and considers that Resort Gas's requested rate changes are warranted.

NOW THEREFORE pursuant to section 61(4) of the *Utilities Commission Act*, the BCUC orders the following:

- 1. The revised tariff page as filed within the Application is accepted for filing.
- 2. Resort Gas commodity rates are set as follows for each rate group (Residential, Small Commercial, and Large Commercial), effective July 1, 2020:

Gas Commodity Charges	Rate (per GJ)
Gas Commodity Charge – Propane	\$11.805
Gas Commodity Charge – Storage	\$1.539
Gas Commodity Charge – GCRA	(\$1.190)
Total Gas Commodity Charge	\$12.154

- 3. Resort Gas is to inform its customers of the approved rates in a timely manner by way of a customer notice.
- 4. Resort Gas is directed to file a report with the BCUC by November 30, 2020 on the Gas Cost Reconciliation Account balances, including but not limited to propane price forecasts, commodity cost forecasts and GCRA balances for the following twelve months and, if necessary, proposed changes to commodity rates.

DATED at the City of Vancouver, in the Province of British Columbia, this 8th day of June 2020.
