BEFORE:

E. B. Lockhart, Panel Chair
W. M. Everett, KC, Commissioner

on June 8, 2023

ORDER

WHEREAS:

- A. On March 15, 2023, the Western Electricity Coordinating Council (WECC), acting as the Administrator for the British Columbia Mandatory Reliability Standards Program (BC MRS Program), issued a Recommendation of Mitigation Plan (MP) Acceptance (Recommendation) to bring Capital Power Limited Partnership (CPLP) into compliance with the reliability standard identified above;
- B. Section 125.2 of the *Utilities Commission Act* (UCA) assigns exclusive jurisdiction to the British Columbia Utilities Commission (BCUC) to determine whether a “reliability standard,” as defined in the UCA, is in the public interest and should be adopted in British Columbia;
- C. By Order G-123-09, the BCUC appointed WECC as its Administrator for registration and monitoring compliance pursuant to section 8 of the UCA. WECC’s role as Administrator for the BC MRS Program is pursuant to the Administration Agreement between WECC and the BCUC dated October 8, 2009, and renewed most recently on July 5, 2019;
- D. Order G-123-09 also approved the Compliance Monitoring Program (CMP) for monitoring and enforcement of adopted reliability standards and most recent revisions to the CMP were approved by Order R-40-17, dated September 1, 2017;
- E. Pursuant to section 5.1.1 of the CMP, an entity subject to approved Mandatory Reliability Standards found in Confirmed Violation of a reliability standard must prepare an MP to correct the Confirmed Violation or prepare a description of how the Confirmed Violation has been mitigated. Pursuant to section 5.3.2 of the CMP, an MP with respect to a Confirmed Violation must be submitted to the Administrator within ten days following confirmation by the BCUC;

- F. An MP with respect to a Possible Violation or an Alleged Violation may be submitted at any time and the BCUC encourages entities to mitigate all perceived instances of noncompliance upon detection;
- G. On March 2, 2023, CPLP submitted the MP to address the Possible Violation of PRC-019-2 R1 with the proposed completion date of March 31, 2021, as shown below;

Reliability Standard	BCUC Violation ID	Date MP Submitted to WECC	Proposed Completion Date
PRC-019-2 R1	BCUC2021000749	March 2, 2023	March 31, 2021

- H. On March 14, 2023, CPLP submitted to WECC an Attestation of Mitigation Plan Completion for PRC-019-2 R1, which is subject to a separate review process; and
- I. The BCUC reviewed WECC's Recommendation and considers that acceptance of the CPLP's MP for PRC-019-2 R1 is warranted.

NOW THEREFORE pursuant to section 125.2(10) of the UCA and in accordance with the CMP, the BCUC accepts CPLP's MP with the proposed completion date as identified in recital G above.

DATED at the City of Vancouver, in the Province of British Columbia, this 8th day of June 2023.
